RE: ~~Third Quarter Water Monitoring, Star Point Mine, Plateau Mining Corporation,~~
~~1999, Carbon County, Utah~~

Dear Ms. Grubaugh-Littig:

Due to the fires in the western United States this summer, we were unable to schedule a helicopter during the month of July to provide transportation for the water monitoring at Star Point. During the August water monitoring we took lab samples in addition to gathering field data when we normally would have just gathered field data.

The water monitoring data for the third quarter of 2000 submitted electronically to UDOGM is correct and complete to the best of our knowledge. Should you observe any error or oversights in this information please do not hesitate to call me at (435)472-4711.

Sincerely yours,

Vicky S. Miller
